

## Sanctuary Scotland Housing Association Ltd

### Regulatory Status:

We have not included a regulatory status in this box. After we receive the first annual Assurance Statements in October 2019 from all landlords and complete our annual risk assessment we will give Registered Social Landlords (RSLs) a regulatory status in line with our Regulatory Framework.

### Why we are engaging with Sanctuary Scotland Housing Association Ltd (Sanctuary Scotland)

We are engaging with Sanctuary Scotland because it is **systemically important** and about its **development plans**.

We refer to a small number of RSLs as systemically important because of their stock size, turnover or level of debt or because of their significance within their area of operation. We need to maintain a comprehensive understanding of how their business models operate, and how they manage the risks they face and the impact these may have. So we seek some additional assurance through our engagement plans. Given Sanctuary Scotland's size, turnover and level of debt we consider it to be systemically important.

Sanctuary Scotland is one of the largest developers of new affordable housing in Scotland and receives significant public subsidy to help achieve this. Sanctuary Scotland plans to continue to grow through a considerable programme of new homes for social and mid-market rent and low cost home ownership. As a result, the number of affordable homes provided by Sanctuary Scotland will increase by one fifth over the next five years.

### What Sanctuary Scotland must do
